## PATRICIA HALPIN INTERIORS & SELECT INTERIORS

### PATRICIA HALPIN, COLLEEN MACKAY

Reminiscent of an Old English garden, this bedroom has been designed to create an atmosphere which provides the comforts of nature and an escape from the busy streets of Toronto. The designers have chosen a gentle palette of garden colours along with floral patterns for the comforters and window treatment, complemented by beautiful floral arrangements and the serenity of the pine furniture. Trompe l'oeil french doors opening to a flower-filled balcony visually expand the room and add an element of surprise. The painted tree extending gently over the bed adds to the soothing domain.

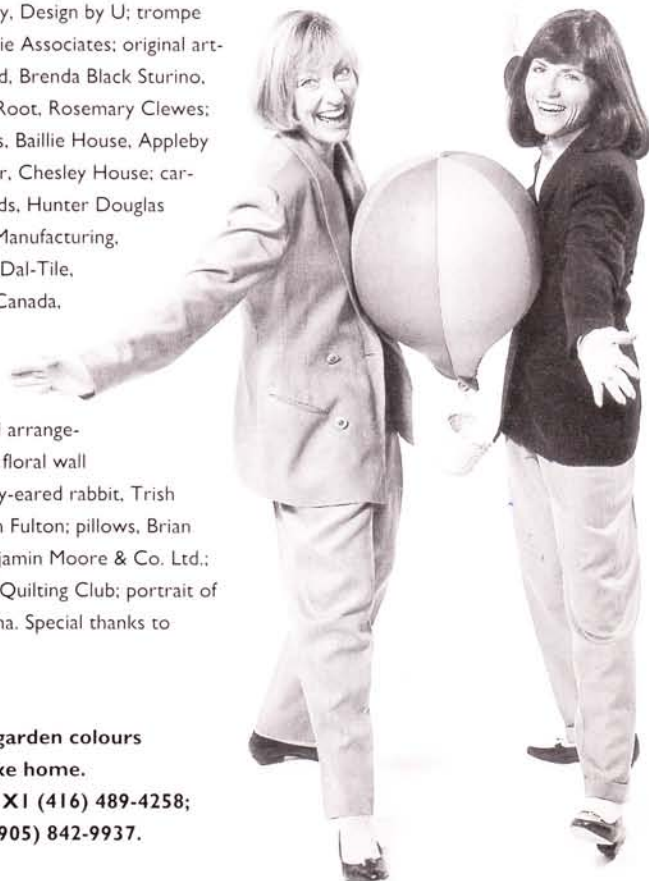

#### BIOGRAPHY

Patricia Halpin and Colleen Mackay each operate under separate companies, however, they often share their expertise and design abilities. Educated at Humber College, they specialize in residential interiors. They have built their reputations on a strong emphasis on customer service and understanding their clients' needs and lifestyles.
